Any payment previously received will be applied to the revised booth fee balance. Any remaining balance above the new booth charge will be refunded up to \$5,000.

After September 15, 2026, an Exhibitor who reduces the size of their booth will be charged a fee of 15% of the original booth cost in addition to the charge for the new booth. With this space reduction, Management has the right to reassign the Exhibitor to a different booth space based on the revised size requirements.
