ANEX First in Taiwan!

For those looking to tap into the cutting-edge nonwoven technologies, markets and industries from the world and Asia, ANEX 2024 is the perfect chance, as it only occurs once every three years!

ANEX 2024 is one of the top three nonwovens shows in the world, equivalent to the IDEA event hosted by INDA in the US and the INDEX event held by EDANA in Europe. This exclusive ANEX 2024 event is the best interactive platform for the international nonwoven industry's leaders, and we anticipate 350 exhibitors and 25,500 buyers and further from worldwide to join together. Take the chance to meet and engage with the premium buyers in the nonwovens market in one place!

Don't let this valuable opportunity slip away!

Target Categories of Exhibitors

Nonwovens by manufacturing process

Air laid, Dry laid [Thermal-bonded, Chemical-bonded, Needle punched Hydro-entangled], Melt blown, Spun Laid, Wet laid, Composite, Fibrillated or perforated, Others

Nonwovens by Applications

Abrasive, Agriculture, Horticulture, Automotive, Battery-related, other electric applications, Building, Cable wrap, Carpeting, Civil Engineering, Composites, Electronics, Filtration, Hygiene, Home furnishing & furniture, Household cleaning & wiping, Industrial cleaning & wiping, Interlinings, Leather goods, Medical, Packaging, Personal care wipes, Printing, Protective wear, Shoes, Transportation (non-automotive), Wall coverings, Linen, Coating substrates, others.

Raw materials

Adhesives, Hot melts & others, Binders, Latex, Additives & others, Fibers & Filaments, Films, Membranes, etc., Fluff Pulp, Polymer chip or granules, Scrim & other reinforcements, Super absorbent, Surface treatment chemicals, Tapes elastics, Mechanical fastening systems, etc., Tissue, Papers, etc., Wadding, others.

Machinery

Nonwovens production machinery [Web preparation machinery, Web forming machinery, Web bonding machinery (Adhesive bonding/entangling), Forming and Drying equipment (Wire belts & drums), Accumulator, Slitter & Winders, Finishing equipment (Impregnation, Saturation), Other Nonwovens production equipment & accessories (Metallic wire, Needle, Nozzle, etc.)] converting machinery [Absorbent hygiene machinery, Wipes converting machinery, Coating & Lamination equipment/Ultrasonic bonding equipment, Other converting machinery], Waste handling machinery, manufacturing auxiliary equipment, Online monitoring & inspection systems, Testing equipment & apparatus, others.

Services

Publications, Research institutes & laboratories, Trade associations, and others.

Target Industries of Visitors

Manufacturers

Agriculture, Apparel, Automotive, Aviation, Chemical, Civil engineering, Construction, Electronic equipment, Furniture/Interior, Horticultures, Household goods, Hygiene, Medical, Office supplies, Optical instrument, Pharmaceutical, Sports goods, Textile.

Trading company/Distributor

General trading companies, Specialized trading companies (Building, Home furniture, Interior, Textile, Chemicals, etc.)

Government office, Municipality, Public Organizations, Media, Related Associations, Organizations, Universities, Research Institutes.

Conference & Seminars

By attending the ANEX 2024 Conference sessions, you will have the best chance to connect with professionals and experts from various sectors of the nonwoven industry.

@ Keynote speech @ ANEX seminars

The speech will feature on user solutions, latest technology and marketing techniques.

@ Industry-Government-Academia seminars

The seminar will focus on academic topic of the speakers from industry, universities, and research institutions.

@ Exhibitor presentations

Exhibitors alone are eligible to take part as a speaker, and give a presentation of their most recent technology, products, and services.

Presentations by Universities and Research Institutions, both Domestic and International

ANEX 2024 will invite universities and research institutions worldwide to exhibit and highlight solutions leveraging the most advanced technologies and products.

ANEX 2024 will showcase cutting-edge research from corporations and universities, offering an insight preview of the sophisticated technology and products related to sustainability, innovative technologies, and other essentials of the nonwovens industry.

Exhibit fee

Raw Space minimum 27 m ²	Early Bird Before 2023/7/31	After 2023/7/31
Non-ANFA Member	US\$400/m ² (≡ NT\$12,000)	US\$450/m ² (≡ NT\$13,500)
ANFA Member	US\$360/m ² (≡ NT\$10,800)	US\$400/m ² (≡ NT\$12,000)
Standard Shell Scheme minimum 9 m ²	Early Bird Before 2023/7/31	After 2023/7/31
Non-ANFA Member	US\$425/m ² (≡ NT\$12,750)	US\$500/m ² (≡ NT \$15,000)
ANFA Member	US\$362/m ² (≡ NT\$10,860)	US\$425/m ² (≡ NT\$12,750)

#To purchase more than 20 standard booths (or raw space 180 square meters) can benefit from a 10% discount. For more information, please make contact the Fair Manager.

1. Standard Booth: USD\$4,500 / booth (per 9 sqm)

Package booth (basic decoration included):

English fascia board (1 company per booth), Carpet, 1 Reception Table, 2 folding chairs, 3 fluorescent lights, 1 electrical outlet (110V, 5A), 3-Plug electrical socket(110V)

2. Corner Location Charge: USD\$200 / Corner

The corner location is additionally charged when the corner faces the aisle and does not adjoin to any other booths.

3. Exhibitor package: USD\$385 (per company)

- 1) Show directory listing (free)
- 2) Official website listing (free)
- 3) Publication of supporting industry magazines (free)
- 4) Free admission tickets (six tickets)
- 5) Your company press release through website delivery (free)
- 6) Exhibitor presentation (15 minutes / 1 slot)

General information about TaiNEX 1

Taipei Nangang Exhibition Center, Hall 1 (TaiNEX 1) is Taiwan's first bi-level, purpose-built exhibition complex. This structure is designed for maximum efficiency to utilize water and energy. TaiNEX 1, with its large capacity and accessible transport links, is the perfect venue for both corporate and consumer exhibitions. The conference room is customizable and tailored to allocate all kinds of professional meeting needs. While its exhibition space is equivalent to about 3.5 football fields, the Sky-Dome, free of the

column, is a large indoor multi-purpose venue that is ideal for concerts, art performances, year-end parties, direct sales conferences, and other events.

TaiNEX 1, a Green Exhibition Center, has also made strenuous efforts to safeguard the natural environment resources and became the first exhibition venue in Taiwan to secure the Green Building Label plus accomplish greenhouse gas verification under international guidelines ((BSI) ISO 14064-1 – Greenhouse gases). To preserve the environment, the Exhibition Hall has taken action by controlling its carbon emissions, operating in an eco-friendly manner, offering eco-friendly Customer Services, encouraging people to use public transportation, and adopting environmentally conscious Internal Management in every aspect.

Taiwan Nonwoven Factories

Taiwan Nonwoven Fabrics Industry Association

Taiwan Nonwoven Fabrics Industry Association (TNFIA) is a trade association representing nonwoven interests in Taiwan. Our membership includes manufacturers and converters of nonwovens and suppliers.

TNFIA was founded in 1978 and has **130** member companies now. Including **59** Nonwoven makers, **29** Nonwoven Develop factories, **26** nonwoven machinery factories and **16** nonwoven material suppliers; expect **1** support member. Our membership represents approximately two-thirds of the companies that produce and convert nonwovens in Taiwan. TNFIA's primary income is membership dues. We have a good friendship with overseas nonwoven associations.

TNIFA's new goals are the following:

1. More actively represent the nonwoven interests in Taiwan by offering needed benefits, uniting the membership and attracting new member companies.
2. Stimulate the growth of the association and the member companies by gaining substantial support from the government official and other related institutions.
3. Help our companies gain the competitive edge by establishing strong relationships with government management officials, research institutions and manufacturers of chemicals, fibers, machinery and equipment.
4. Enhance contacts with overseas nonwoven institutions through participation in their activities such as exhibitions, conventions and symposia.

N053 ■ Koolon Advanced Material Technology Co.,Ltd.

Office : No.22, Min Long Road, Yang Mei District, Taoyuan City, Taiwan 326019

Tel : 886-3-4726667 Fax : 886-3-4728513

Representative : Tony Wu

Products : KOOLON is a manufacturer specializing in R&D and production of various stainless steel metal fibers and high-temperature resistant textile materials. High-temperature resistant conductive metal fiber material professionally manufactured for filter material industry (Thermal resistance: 650°C, Melting point temperature: 1300°C). KOOLON stainless steel metal fiber has its unique characteristics of softness, high temperature resistance, electrical conductivity and low temperature, flame retardant and explosion-proof, pollution free, easy to recycle, environmental felt. Used in the fields of electrical conductivity, temperature resistance, antistatic, filtration, thermal conductivity industries.

N068 ■ ACEGREEN ECO-MATERIAL TECHNOLOGY CO., LTD.

Office : No. 50, Ln. 20, Sec. 1, Nantong Rd., Ershui Township, Changhua County 530017, Taiwan

Tel : 886-4-8796000 Fax : 886-4-8796999

Products: The melt-blown non-woven fabric is also known as the "heart of the mask", disperses the molten plastic through high-speed hot air, and spins the polymer melt through the spinneret of the ultra-fine nozzle, making it a high-performance melt-blown filter media.

Unique electrostatic electret technology, bacteria, particles and droplets are being captured by its electrostatic adsorption.

Exclusive nano zinc composite technology, inhibit the growth of bacteria.

Effective filtering for dust, pollens, droplets and bacteria.

Fiber fineness with an averaging below $< 5 \mu\text{m}$.

High porosity structure and small pore size to deliver outstanding filtration efficiency and low breathing resistance.

Made of Polypropylene which is eco-friendly, biodegradable, non-toxic, non-irritating and light-weight.

Available in white and black.

M033 ■ TAIDING PRECISION MACHINERY CO., LTD.

Office : 7F-2, No.80, Sec.2, Guang-Fu Rd, San-Chung,241525 New Taipei City, Taiwan

Tel : 886-2-85110070 Fax : 886-2-85110069

Products: TaiDing Precision Machinery is located in Taipei, Taiwan. The company was founded in 1975. and supplies the large-scale chemical fibre groups in Asia with the chemical fibre spinneret components and accessories for their spinning equipment, such as spinneret for conjugated fibre, profiled and round hole spinnerets, also melt-blown and spunlace nonwoven spinnerets.

We develop the spinneret inspection system combines related technologies of optoelectronic, machinery , image processing, and automatic control. Auto-testing of non touch pieces with fast and high precision. It detects obstruction of the spinneret with use of luminous flux principle and can enhance the detection efficiency and quality of chemical fiber groups, The detection time of <410mm spinneret is about 10-50sec. per piece.
